1 DEFINITIONS

1.1 Hospitalisation

Hospitalisation means admission in a Hospital for a minimum period of twenty four consecutive hours, except for day care procedures where such limit is not applied.

1.2 Pre-Existing Disease

Pre-Existing Disease means any condition, ailment, injury or disease that is diagnosed by a physician within forty eight months prior to the effective date of the policy issued by the insurer, or for which medical advice or treatment was recommended by, or received from, a physician within forty eight months prior to the effective date of the policy.

1.4 Co-Payment

Co-Payment means a cost sharing requirement under which the insured person bears a specified percentage of the admissible claim amount. A co-payment does not reduce the Sum Insured.

2 SCOPE OF COVER

Medical expenses incurred for a period of thirty days immediately before the date of admission, and sixty days immediately after the date of discharge, are payable provided the hospitalisation claim itself has been admitted.

3 ROOM RENT AND ASSOCIATED CHARGES

3.1 Room Rent Limit

The eligible room rent under this policy is 2% of the sum insured per day. Where the insured person occupies a room whose rent exceeds this eligible limit, the Company shall be liable only for a proportionate share of the associated medical expenses, in the ratio that the eligible room rent bears to the room rent actually charged.

3.2 Associated Charges

Associated charges for the purpose of clause 3.1 include surgeon fees, anaesthetist fees, operation theatre charges, consultant visit charges and nursing charges. The cost of pharmacy, implants and diagnostics is not subject to proportionate deduction.
